

## **2006 Agenda for a Healthy New York**

### **Endorsement**

The Public Health Association of New York City (PHANYC) requests organizations to endorse its **2006 Agenda for a Healthy New York City**. PHANYC's policy objectives and advocacy initiative, the *Agenda for a Healthy New York* outlines specific policy options and detailed strategies for improving health and reducing disparities in health in New York City. For 2006, the *Agenda's* two primary goals are to reduce the impact of diabetes by strengthening prevention and disease management efforts, and to improve school health programs to increase educational achievement and reduce school dropout. To achieve these goals, PHANYC focuses on state-wide efforts to tackle these public health issues, and with the **2006 Agenda for a Healthy New York**, will be educating voters, candidates and elected officials involved in the upcoming State gubernatorial and legislator elections.

Please fill out the form below and send it to us by e-mail, fax or mail.

Yes, my organization will endorse PHANYC's 2006 Agenda for a Healthy NYC \_\_\_\_\_
